HUMANE DOG TRAPPING

A carefully managed rescue method for dogs that cannot be safely caught by hand.

TRAP SET UP

DO NOT CHASE

DOG SAFELY CONTAINED

SAFE TRAPPING

1. Observe first. Learn the dog’s route and establish one quiet feeding location.
2. Use the correct size humane trap on stable ground. Prepare safe transport before setting it.
3. Monitor the trap continuously. A trapped dog must never be left unattended or exposed.
4. Keep people away. Do not chase, call, approach, feed elsewhere, touch, or move the trap.

DO NOT CHASE, CALL, APPROACH, TOUCH OR MOVE THE TRAP

SEE THE DOG?

Call (760) 585 5973

Report the exact location, time and direction of travel.
